

How to connect the Headset

Connect to PC via USB Cable:

- Connect one end of the USB cable to the PC port of the base.
- Connect the remaining end of the USB cable to the USB port of the PC.
- **Important:** You need to connect the PC to the micro USB port of the base marked with the text "PC".

Connect to Desk Phone via USB Cable:

- Connect one end of the USB cable to the USB port of the base.
- Connect the remaining end of the USB cable to the USB port of the desk phone.

Call Handling from the Base

- Answer a IPVoice Desktop App call: Press the **PC** button.
- Answer/end a desk phone's call: Press the **Phone** button.
- Reject a IPVoice Desktop App call: Double-press the **PC** button.
- Reject a desk phone's call: Double-press the **Phone** button.

Call Handling from the headset

- Answer a Call: Press the **Call Control** button or undock the headset.
- End a Call: Press the **Call Control** button or dock the headset.
- Reject a Call: Double-press the **Call Control** button.
- Hold a Call: Hold the **Call Control** button for two seconds.
- Resume Held Call: Hold the **Call Control** button for two seconds.
- Adjust the Volume: press the **Volume Up/Volume Down** button.
- Mute/Unmute: Press the **Mute** button.

NOTE: You can also Mute/Unmute the microphone, by raising and lowering the microphone boom. An audible announcement is heard to indicate "Muted" or "Unmuted" status. Mute indicator lights illuminate when mute is active.

Transfer a call from desk phone to headset

Before you begin:

- The base must be connected to the Desk Phone via USB.
- A call is answered on the desk phone using the handset or speaker phone.

Procedure:

- Lift the headset from the base.

Transfer a call from the headset to the desk phone

Before you begin:

- The base must be connected to the Desk Phone via USB.
- A call is answered on the headset.
